

## Washington State Building Code Council • Code Change Cycle 2018 Group 2 2018 International Mechanical Code Review Status

Chapter	Chapter Leads	Significant Changes Identified and Reviewed	Existing Statewide Amendments Reviewed	Presented to BFP Standing Committee	Presented to SBCC
<b>International Mechanical Code</b>					
0 Scope and Administration	SBCC Staff				
1 Scope and Administration					
2 Definitions					
3 General Regulations					
4 Ventilation					
5 Exhaust Systems (Linked with IRC Chapter 15)					
6 Duct Systems (Linked with IRC Chapter 16)					
7 Combustion Air (Linked with IRC Chapter 17)					
8 Chimneys and Vents (Linked with IRC Chapter 18)					
9 Specific Appliances, Fireplaces and Solid Fuel-Burning Equipment (Linked with IRC Chapter 19)					
10 Boilers, Water Heaters and Pressure Vessels (Linked with IRC Chapter 20)					
11 Refrigeration					
12 Hydronic Piping (Linked with IRC Chapter 21)					
13 Fuel Oil Piping and Storage					
14 Solar Thermal Systems (Linked with IRC Chapter 23)					
15 Referenced Standards					
<b>International Fuel Gas Code (Linked with IRC Chapter 24)</b>					
1 Administration					
2 Referenced Publications					
3 Definitions					
4 General					
5 Gas Piping System Design, Materials, and Components					
6 Pipe Sizing					
7 Gas Piping Installation					
8 Inspection, Testing, and Purging					
9 Appliance, Equipment, and Accessory Installation					
10 Installation of Specific Appliances					
11 Procedures to Be Followed to Place Appliance in Operation					
12 Venting of Appliances					
13 Sizing of Category I Venting					
<b>NFPA 58</b>					
1 Administration					
2 Referenced Publications					
3 Definitions					
4 General Requirements					

Chapter	Chapter Leads	Significant Changes Identified and Reviewed	Existing Statewide Amendments Reviewed	Presented to BFP Standing Committee	Presented to SBCC
5 LP-Gas Equipment and Appliances					
6 Installation of LP-Gas Systems					
7 LP-Gas Liquid Transfer					
8 Storage of Cylinders Awaiting Use, Resale, or Exchange					
9 Vehicular Transportation of LP-Gas					
10 Buildings or Structures Housing LP-Gas Distribution Facilities					
11 Engine Fuel Systems					
12 Refrigerated Containers					
13 Marine Shipping and Receiving					
14 Operations and Maintenance					
15 Pipe and Tubing Sizing Tables					
<b>IRC Part V - Mechanical</b>					
12 Mechanical Administration					
13 General Mechanical System Requirements					
14 Heating and Cooling Equipment and Appliances					
15 Exhaust Systems (Linked with IMC Chapter 5)					
16 Duct Systems (Linked with IMC Chapter 6)					
17 Combustion Air (Linked with IMC Chapter 7)					
18 Chimneys and Vents (Linked with IMC Chapter 8)					
19 Special Appliances, Equipment and Systems (Linked with IMC Chapter 9)					
20 Boilers and Water Heaters (Linked with IMC Chapter 10)					
21 Hydronic Piping (Linked with IMC Chapter 12)					
22 Special Piping and Storage Systems					
23 Solar Thermal Energy Systems (Linked with IMC Chapter 14)					
<b>Part VI - Fuel Gas</b>					
24 Fuel Gas (Linked with IFGC)
