

Chapter	Descriptor	Work Group Members	Workgroup	TAG
1	Scope and Administration: Application, enforcement, administration - operational & construction permits			105.6.8 CO2 105.6.30 mobile food 105.6.38 MJ 105.6.15 hydrants; 105.6.36 outdoor assembly
2	Definitions			Part of other reviews
3	General Requirements: open burning; ignition sources; vacant building; miscellaneous storage; outdoor pallet storage; hazards to fire fighters	Corey Thomas Ken Brouillette Mark Jung Mark Murray Dave Kokot Diane Glenn	319 mobile food trucks	311.2.2 vacant buildings 315.7 outdoor pallet storage
4	Emergency Planning & Preparedness: training/scheduled: fire, evacuation & lockdown drills	Paul Clark Michael Six Diane Glenn Mark Murray Matt Campbell Hank Teran	Chapter	
5	Fire Service Features: fire access; identification; water supplies			510 Radio Coverage
7	Fire and Smoke Protection Features: maintenance of fire-resistance rated assemblies			701.6 Owner's responsibility 703-706 Maintenance
9	Fire Protection and Life Safety Systems: Fire Suppression, Standpipes, Fire Alarm, Alternative Systems, Smoke Control & Venting/Exhaust			903.3.1.2.3 Sprinklers in attics 904.13 Domestic Cooking 904.14 Aerosol extinguishers 907.5.2.3.3 Group R-2 prewire 907.2.3 Group E Voice Alarm 910.5 Vent maintenance 913.2.2 Fire pump circuits 916 Gas detection systems 917 Mass notification
10	Means of Egress: addresses all portions of the egress system; doors, halls, stairs, etc.			1010.1.1.4 List of not approved school after market devices

11	Construction Requirements for Existing Buildings: provides for a minimum level of retroactive requirements for buildings constructed under previous code editions			1103.5.1 Group A-2 retro sprinklers 1103.9 Carbon monoxide 1104.16.2 Opening protection for fire escapes
12	Energy Systems: systems that generate and store energy on site; standby & emergency power, PV, battery systems	Dave Kokot Al Audette Michael Six Mark Murray Paul Clark Dan Shier Bryan Hilfiker	Chapter - review against ol Ch. 6 for differences	
22	Combustible Dust-producing Operations: reduce the likelihood of dust explosions by managing the hazard			2203.2 Dust Hazard Analysis
23	Motor Fuel-dispensing Facilities and Repair Garages: regulates storage and dispensing of liquid and gaseous motor fuels at public and private automotive, marine and aircraft fuel-dispensing facilities			2303.2.1 Height 2306.7.3.1 Impact protection
28	Lumber Yards and Agro-Industrial, Solid Biomass and Woodworking Facilities: facilities storing, selling or processing wood and forest products			2810 Outdoor pallet storage
31	Tents, Temporary Structures and Other Membrane Structures: location, access, operations, anchorage, egress, etc			3103.3.1 Special amusement buildings 3103.6 Construction documents 3103.9 Structural stability 3106 Outdoor assembly event
32	High-piled Combustible Storage: storage of typical commodities over 12ft and high hazard commodities over 6ft			3201.3.2 Approved storage layouts 3201.4 Fire Safety Plan 3203.8 Examples of commodity 3203.10 Plastic pallets 3206.2 Types of protection

38	Higher Education Laboratories: addresses unique needs of labs in higher education and the use of hazardous materials; addresses new and existing buildings			New chapter
39	Processing and Extraction Facilities: specifics for hardous processes and solvents along with methodology for approving unlisted equipment	Corey Thomas Chris Seaman Kevin Bossard Kevin Marr Dave Kokot James Nance Al Audette	Compare new plant extraction against existing WAC	
50	Hazardous Materials - General Provisions: general requirements for all hazardous materials in all occupancies			Table 5003.1.1(1) areas 5003.8.3 Control areas 5003.9.8 Separation of incompatible materials 5005.1.12 Emergency isolation
53	Compressed Gases: regulates storage, use and handling of all flammable and nonflammable			5306.2.2 1-hr interior room 5306.2.3 Gas cabinets 5307 Compressed gases not otherwise regulated
57	Flammable and Combustible Liquids: storage, handling, use or transportation	Corey Thomas Kevin Marr Hank Teran Kevin Brouillette Chris Seaman Matt Campbell	5707 Mobile fueling	
0	WUI			Compare to any passed legislation
	DOH: Definitions & Licensing Requirements	Matt Campbell Paul Clark Al Audette Chris Seaman Nance Bryan Hilfiker	multiple chapaters
