

## Public Testimony - March 11, 2022

### Proposed 2021 Washington State Energy Code - Commercial

Name	Group if applicable	Subject	Summary
Amy Wheelless		Energy Code	Support the full package
Alyn Spector	Cascade Natural Gas	Electrification	Oppose 103 and 136; We're committed to decarbonization, but there are other ways to do it.
Mike O'Brien	Sierra Club	Electrification	Support
Mike Kennedy		General, heat pumps, renewables, CMU	Will be submitting written with mostly editorial comments. RE: 207/208, believe this a hole in the code and should move forward with Option 1 (207)
Claire Richards		Heat pump space heating	Support
Den Mark Wichar		Heat pumps in commercial buildings	Support
Roberta Rominger		Electric space/water heating	Support
Millie Magner	Sierra Club	Electrification	Support
Chris Boroughs	Puget Sound Energy	Energy Code	Oppose 103 and 136; must understand the consequences of this proposal and effects on the grid
Jay Bremner	Glacier Supply Group	Heat pump proposals	Oppose based on expense
Larry Andrews		Cost of decarbonization	Opposed to the electrification proposals and others as noted in written testimony

<b>Name</b>	<b>Group if applicable</b>	<b>Subject</b>	<b>Summary</b>
Ann Fletcher	Issaquah Chapter of People of Climate Action	Heat pump proposals	Support
Annie Phillips	Burien People for Climate Action	Updates to commercial code	Support for 103, 136 and 179
Jerry Butler		Heat pump proposals	Support
Rosemary Sweeney		Not specified--assumed energy code related	Support
Bob Gunn	Seinergy LLC	Horticulture lighting fixture efficacy	Proposed mod to align with ASHRAE and CA language
Chris Hawes	Affordable Energy Association	Energy Choice	Oppose based on expense
Simon Bakke		Heat pump proposals	Support
Dr. Annemarie Dooley		state building codes	Support based on health concerns
Jesse Piedfort	Sierra Club		Support the elimination of fossil fuel
Michael Lilliquist	City of Bellingham	Building electrification, solar readiness	Support
Stephanie Barnard	Tri-City Regional Chamber of Commerce	Electrification	Oppose based on power reliability and cost
Mazvita Maraire	Affordable Energy Coalition	Energy Code Changes	Oppose based on cost, equity
John Frankel	NW Natural	Commercial Building code	Oppose based on cost, process
Dave Stecher		2021 WSEC Commercial	Support with suggested mod to add guidelines for sizing in colder temperatures
Neal Anderson		Green Hydrogen	Opposed to the electrification proposals as there are other options

<b>Name</b>	<b>Group if applicable</b>	<b>Subject</b>	<b>Summary</b>
David Morton		Heat pumps in commercial buildings	Support
Diane Perez	City of Vancouver	Commercial Building energy code	Support
Todd Allred	Plumbing-Heating-Cooling Contractors of Washington	Natural Gas Ban	Oppose as too restrictive
Nick Engelfried		Energy Efficient Building Codes	Support
Seth Vidana	City of Bellingham	Electrification	Support, should be adopted by the state to help cities work on climate change ordinances
Brian Healow	Mutual Materials	207/208 Mass Walls	Oppose changes to CMU wall
Steve Borman	Keystone Masonry	207/208 Mass Walls	Oppose changes to CMU wall
Bridgette Dodge	BAC Local 1	207/208 Mass Walls	Oppose changes to CMU wall
Mark McGinley	University of Louisville	207/208 Mass Walls	Oppose changes to CMU wall
Tom Young	NW Concrete Masonry Association	207/208 Mass Walls	Oppose changes to CMU wall
Tonia Sorrell-Neal	Masonry Institute of Washington	207/208 Mass Walls	Oppose changes to CMU wall
Nathan Ellis-Brown	LIHI		Support; it is important to act now and will help low income and underserved communities
Dr. Elly Claus-McGahan		Carbon free buildings	Support
Arvia Morris		Washington State Building Codes	Support
Jeffry Berner		Electrification	Support

<b>Name</b>	<b>Group if applicable</b>	<b>Subject</b>	<b>Summary</b>
Sean Denniston	New Buildings Institute		Support adoption of full package; feels there is much misinformation on the HP proposals as there would be no requirement to retrofit, no massive impact to grid as HP are 4X more efficient
Kenneth Zirinsky		Electrification	Support
Helen Walter-Terinoni	AHRI	Heat pump proposals	Oppose 103,136 based on availability and stifling innovation and other paths
Kirsten Smith		Building electrification	Support the full package--only 4 code cycles to reach statutory goals
Ian Casey	NW Natural	Electrification	Oppose based on small business impacts, costs, process
Eric Vander Mey		Section C403.5	Proposed mod to allow a pathway for R-2 similar to existing exception 1 language.
Gavin Clifford		Electrification	Support
